UWE Performance Trend

Key Trends and Shifts

- From 2012 to 2018, establishes a seemingly positive relationship between spending and student satisfaction.
- Both student spending and satisfaction peaked simultaneously in 2018.
- From 2019 to 2022 high levels of spending did not correspond with high levels of student satisfaction.

Student Spending vs Satisfaction

UWE Bristol Top Ranked Subjects – 2018 Overview

Setup

- Data covers 36 subjects ranked nationally in 2018.
- Several subjects placed within the UK Top 20 (e.g., Film Production & Photography – 6th, Philosophy – 7th, Education – 11th).
- Strong presence in creative arts, health professions, and architecture.

Conflicts

- Certain areas with mid-to-low rankings (e.g., History – 69th, Law – 62nd, Sociology – 63rd).
- Inconsistent performance across faculties — some excelling, others significantly below the national median.

Resolution Opportunities

- Build on creative and niche subject strengths for marketing and recruitment.
- Target underperforming high-demand areas (Law, History) for curriculum and quality review.

UWE Bristol Top Ranked Subjects – 2022 Overview

Setup

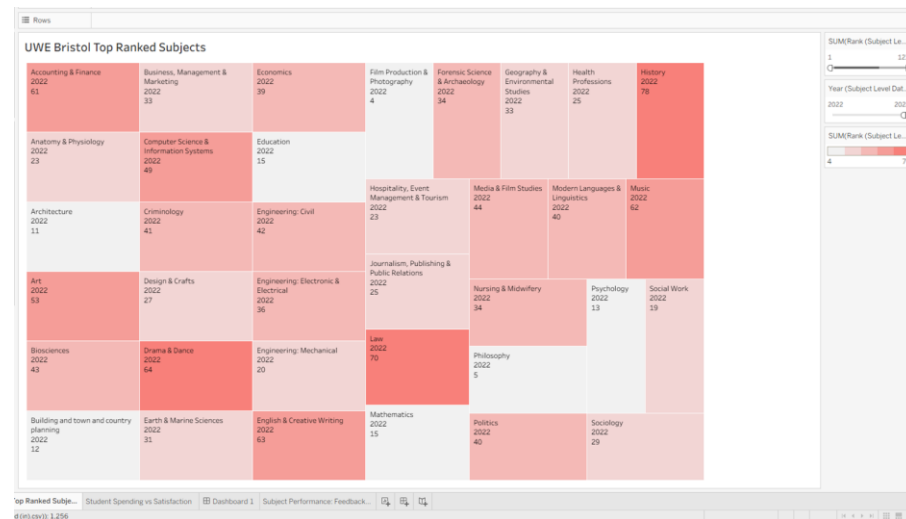

- Still a diverse subject portfolio with standout performers in multiple faculties.
- New leaders emerged — Philosophy (5th), Psychology (13th), Film Production & Photography (4th).
- Improved positioning in several applied and professional fields (e.g., Architecture – 11th, Social Work – 19th).

Conflicts

- Declines in some subjects compared to 2018 — History dropped further to 78th, Drama & Dance fell to 64th, Sociology still mid-table at 29th.
- Mixed progress in business-related disciplines (e.g., Accounting & Finance 61st).

Resolution Opportunities

- Celebrate and promote subjects that improved significantly since 2018.
- Investigate declines in traditional subjects and arts-related disciplines to identify retention or quality issues.

Key Trends and Shifts

Rising Stars at UWE

Film Production and Photography:, #3 in 2017, #1 in 2022

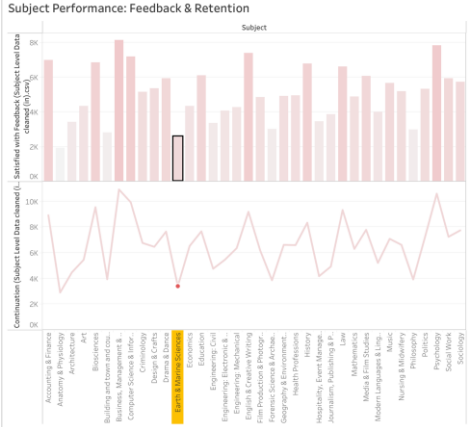

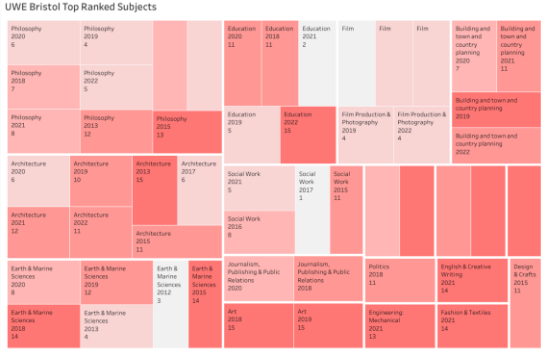

Psychology: In UWE bottom 5 in 2017, In top 5 by 2022, aligning with national demand

Philosophy: In top 5 in 2012, dropped out, but rebounded strongly in 2022

Consistent Outliers

Building and Town and Country Planning, Earth and Marine Sciences: Top 5 at UWE in 2012, 2017, 2022 but nationally among bottom performers

Business Insights and Actions

For Marketing:

1. Promote Rising Stars (Film Production, Psychology) as flagship programmes
2. Position Outliers (Building and Town and Country Planning) as a niche strength

For Academic Strategy:

1. Improve contents, or content delivery for Subject losing grounds (Business Management, English) to match high demand
2. Review delivery in Accounting and Finance (strong nationally, bottom 5 at UWE in 2022)

For Portfolio Planning:

1. Consider reintroducing high-demand subjects like Sports Science or Pharmacy if resources allow

Thank you.
